# Introduction

# 4

New Loops presents Europa Pro Expansion - 120 new Europa presets with a mix of classic analogue, and aggressive modern EDM sounds. This pack focuses on useful sounds that will work in many styles of dance music and beyond.

You'll find some familiar sounds mixed in with unique patches that really show what Europa can do. Here's what's included: 30 of the most powerful Bass presets including Serum style metallic wobbles, cone-shaking subs, punchy Trance plucks, classic Techno FM, and aggressive EDM basses.

25 Leads and Synths covering everything from Pop brass, Trap leads, and Future Bass stabs, to classic chords and old favourites like huge Trance supersaws and hoovers! 25 punchy Plucks and Keys including tropical and metal plucks, plucked strings, big synth plucks and powerful EDM synths, classic dance organs and beautiful rich keys.

20 inspiring Pads include cinematic drones, anthemic superstrings and euphoric chords, modulated pads, dreamy analogue Synths and loads more. 12 creative Sound Effects to add excitement including sweeps, risers, noises, drones, and incidental SFX.

Finally, 8 mind-bending Sequencing that really show Europa engines working. Hold one key and play with the Mod wheel.

# Installation

## 5

Installing this sound pack is easy. Simply download the Zip file and unpack. You can move the main folder to Europa's preset folder or your preferred place on your hard drive. Load the presets from Europa's "open patch" browser at the top of the plugin.

**Please note:** Requires Propellerhead's Europa by reason VST version 2.0 or later. Please keep a backup copy of your sound pack.
