Introduction

4

New Loops presents Serum Synths - 64 inspiring presets for Xfer Serum featuring a wide range of sounds including huge digital Leads, punchy metallic Plucks, big Trap Brass, wonky Squares, angelic Keys, oldskool Chords and FM bells, distorted synths, and loads of exciting new sounds!

You'll find Synth sounds which are perfect for any style with a focus on Modern EDM, House, Trap and Future Bass, Dubstep, and Trance but equally good for Cinematic and Synth music.

Serum Synths has the highest quality, level matched presets with extensive use of Serums modulation. Each preset has Mod Wheel and Macros assigned giving you great variation and expression.

As with all New Loops sample packs, once purchased Serum Synths is 100% royalty free to use in your songs and audio productions.

Installation

Installing this sound pack is easy. Simply download the Zip file and unpack. You can then move the entire folder to your preferred place on your hard disk.

Add Presets to Serum

Place the presets folder into the *Xfer Serum Presets* folder and use Serums browser to load the presets.

For more detailed help with loading presets refer to the Serum User Guide.

Please keep a backup copy of your sound pack.
