Introduction

4

New Loops is proud to present: Repro-1 Pro Expansion – a new sound bank for the Repro-1 software synthesiser. Pro Expansion features a full bank of 128 powerful, modern synth presets that pushes the boundaries of analogue mono-synths.

Repro-1 Pro Expansion is a versatile sound bank and has everything from cinematic soundscapes and drones to cutting FM leads to electronic sequences and arpeggios.

You'll find big and wide EDM leads alongside punchy analogue basses, quirky plucks and keys, creative sound effects, melodic sequences as well as new, unheard sounds.

All presets in Repro-1 Pro Expansion are named, Tagged and level matched and most patches have mod wheel, velocity and after touch mapped for expressive playing.

Repro-1 Pro Expansion is suitable for any genre of electronic music including EDM, Trap, Hip Hop, Drum and Bass, House, Techno, Trance, Ambient, Cinematic and more.

As with all New Loops sample packs, once purchased Repro-1 Pro Expansion is 100% royalty free to use in your songs and audio productions. We are sure you will find this sound library a great resource for years to come.

Installation
