Introduction

4

New Loops presents Diva Expressions – a new collection of Diva presets. The goal was simple, create a pack of expressive presets for U-he Diva that are alive with analogue character and react to playing with velocity, aftertouch, and mod wheel.

From expansive pads to beautiful synth keys, you'll find 8 arpeggios, 7 basses, 10 keys, 5 leads, 10 pads, and 10 plucks. Each preset is level matched, fully tagged, and with descriptions.

These Diva presets are suitable for many genres of electronic music including, ambient and chill, cinematic, soundtrack and film scores, electronica, synth music, game music, and also useful for trap, hip hop, future bass, house, techno, trance, and many more.

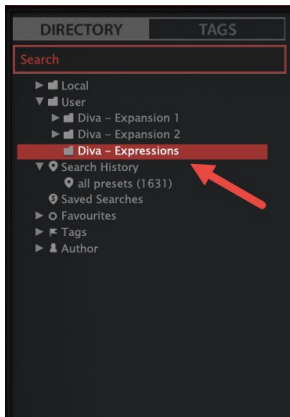

Installation

5

Installing this sound pack is easy. Simply download the zip file and unpack. You can then move the entire folder to your hard disk.

Add the presets to Diva by copying the folder called “Diva - Expressions” to the Diva presets folder. See the Diva user guide for more details.

Requires U-he Diva 1.4 or later. Please keep a backup copy of your sound pack.
