# Introduction

# 4

New Loops presents EDM Glitch Fills – an amazing new collection of 150 EDM glitch fill audio loops. These loops are perfect to drop into any arrangement, and will add excitement and interest to drums, breaks, and drops.

You'll find 150 drum, glitch, and FX loops, recorded at 128 bpm and 1-bar in length. All audio is 24 bit WAV, professionally processed, and ready to use.

EDM Glitch Fills sound pack will be suitable for many genres including: EDM, house, trance, techno, and dubstep, but also useful for other dance genres, such as garage, breaks, and drum and bass.

# Installation

## 5

Installing this sound pack is easy. Simply download the zip file and unpack. You can then move the entire folder to your preferred place on your hard disk.

Please keep a backup copy of your sound pack.

**Please note:** These audio files are in wav format and are available to use in any audio software and hardware that supports the standard wav format. See the individual user guides that come with your software for information on how to import the sounds.

# About New Loops

**6**

For over 8 years, we've specialised in sound design with a focus on quality and usability. Our audio samples and synth presets are used by DJ's, producers, music studios, and soundtrack composers all over the world. Read our full story here - [About-us](#)
